### Debit Card Fraud - BEWARE!

Over the last several months, Debit Card Fraud has become an increasing problem. Here is how it works: You use your card at a restaurant, where your card leaves your sight. The waiter then, unbeknown to you, "skims" the information on the magnetic strip with a small device that transmits the information to an even bigger thief. Within hours, that thief reproduces your card, and goes on a shopping spree! One customer recently had his card skimmed, and by the next morning, \$1,600.00 was taken from his account. It happens that quickly!

#### Tips to prevent Debit Card Fraud:

- \*Never use your Debit Card on the internet- always use a credit card, or purchase a prepaid Visa Card to use.
- \*Never let your Debit Card leave your sight when making a purchase.
- \*ALWAYS check the debits on your statement to confirm that you authorized them.
- \*Contact the Bank immediately if you notice anything out of the ordinary.

### A Message From Mike Jacobson

As we enter the second quarter of 2008, NebraskaLand National Bank has reason to celebrate! May 14th marks the

Bank's Ten Year Anniversary. This event allows us to reflect on the "Decade of Difference" that NebraskaLand National Bank has shown to our community. We are proud to have made a difference by supporting the non-profit and service organizations that are of vital importance to our area. Not only have our Bank officers and employees volunteered time and energy to over 50 local organizations, but NebraskaLand National Bank was also able to make substantial monetary donations to ensure a promising future for our community.

As we celebrate our "Decade of Difference", we invite you to attend our Customer Appreciation Days the week of May 12th through 16th. We will be grilling at one of our branches each day that week, and look forward to sharing our success with you. After all, it is you, our customer, who we celebrate, because you have helped us to reach this milestone!
